What is the Repository? The Library Repository is an off-site location where we store all books and microfilm published before 1976. The decision to move older material was made in order to create more study space in the main Library.

If you find an item in the catalog that has a location of "Library Repository," you will need to request that it be sent to the main library. This process can take up to 24 hours.

To request it be brought to the main Library for you to check out, click the title to bring up the full record for the book. Next, click the link that reads "Request Library Material" and complete the online form. Once the book arrives, you will receive an email letting you know that it's at the First Floor Information Desk.

Father's Day is Sunday, June 15, 2014.

The idea for Father's Day is attributed to Sonora Dodd, who was raised by her father after her other's death during childbirth. While listening to a sermon at church on Mother's Day, she thought about all her father had done for her and her siblings and decided fathers should have a day, too. Because Dodd's father was born in June, she encouraged churches in her area, Spokane, Wash., to honor fathers that month. The first Father's Day was celebrated in Spokane in 1910.

Over the years, the idea spread, and people lobbied Congress to establish the holiday. In 1916, President Woodrow Wilson, who had signed a proclamation establishing Mother's Day, approved the idea, but never signed a proclamation for it. In 1924, President Calvin Coolidge made it a national event to "establish more intimate relations between fathers and their children and to impress upon fathers the full measure of their obligations."
