Check out our new Collection Development Unit Yearly Cycle document! The new design created by Sam is a visual representation of how the various areas of CDU work throughout the year. This document will be revised annually as our unit continues to evolve and grow. You can check out a small poster-sized version in 302L. ~Sam

UPDATES

2 new high/low work tables were installed in the Collection Development Services area, room 302L. This furniture will facilitate the processing of print materials as Collection Development reviews them.

Book selecting has come to a close. Technical Services is finishing spending down the remaining budget as we approach the end of fiscal year 2018.
