***Recasting the Vote: How Women of Color Transformed the Suffrage Movement***

Cathleen D. Cahill  
Chapel Hill: The University of  
North Carolina Press, 2020  
ISBN: 9781469659329  
376 p. \$32.50 (Hbk)

In this well researched book by Cathleen D. Cahill, *Recasting the Vote: How Women of Color transformed the Suffrage Movement*, the reader learns the depth of the struggles beyond the 19th Amendment of 1920 to guarantee suffrage to all women. Cahill shares the stories of many women-- black, Latina, Native American, and Chinese American women who were challenged to continue the struggle.

The book is organized into 4 chronological parts: Part 1. Prelude and Parades, 1890-1913; Part II. At the Crossroads of Suffrage and Citizenship, 1913-1917; Part III. The War Comes, 1917-1920; Part IV. Our Women Take Part, 1920-1928; and Epilogue, Remembering and Forgetting. There are many interesting illustrations.

Of great interest is the author's ability to collect stories from women of color that demonstrate their passion for pressing their rights and engaging fellow citizens to support those rights to citizenship and suffrage. The book challenges readers to see the impact of so many women in our country who worked steadfastly for citizenship and suffrage rights for women of color.

This book is recommended for academic, public, and law libraires. There are helpful sec-

tions: Notes, Bibliography, and Index.

***Shelter in a time of Storm: How Black Colleges Fostered Generations of Leadership and Activism***

Jelani M. Favors  
Chapel Hill: The University of  
North Carolina Press, 2020  
ISBN: 9781469661445  
368 p. \$24.95 (Pbk)

Jelani M. Favors, a graduate of AT&T, an historically Black college, speaks through his writing of the impact Black colleges and universities, and their graduates had upon American social, cultural, and political life in America.

In *Shelter in a Time of Storm: How Black Colleges Fostered Generations of Leadership and Activism*, Favors explains how the Black college begun in 1837 structured its academic program to allow for "an unwritten second curriculum beyond the written course of study." The aim of a second curriculum was to encourage bonding between faculty and students. Students were encouraged to speak boldly of their freedom dreams as they shared stories in the classrooms and in living spaces.

Favors says the HBCU gave rise to a kind of *Communitas* or a building of social relationships that lifted the students beyond the "closed society" outside their classrooms and to where their dreams of freedom might go. The environments of the HBCUs nurtured and endowed activists with idealism, racial consciousness, cultural pride, and honor. Throughout the Jim Crow era, the civil rights, and Black Power movements, Favors says the HBCUs became a "seedbed" for politicians, community leaders, reformers, and activists.

The structure of Favors' book provides a spotlight on HBCUs. His writing reveals the rise and decline of student and graduate activism upon the waves of political and economic periods in the United States. Dedication to the former values of activism and reform took different paths as gov-
