Program

***Utilizing Influences from Various Musical Styles
and Genres in My Compositions***

Note from the composer:

"My capstone presentation *Utilizing Influences from Various Musical Styles and Genres in My Compositions* will be an overview of my composition portfolio. As I have developed my musical voice, I have experimented with various styles and genres and incorporated them in my pieces to venture toward a more holistic sound. In addition to contemporary classical, I will be presenting works with influence from Argentine Tango, traditional African music, and musical theatre. The recital will feature live performances from the Cooke String Quartet."
