Errata for *Folksongs from the Maritimes*

Kaye Pottie and Vernon Ellis' *Folksongs of the Maritimes* was first published in 1992 and remains available as an accessible classroom resource of Atlantic Canadian traditional vocal repertoire. The resource includes 1990s era age-appropriate background information about each song. Although the included learning aids such as chord symbols are of value, some of the supplied tone sets and suggested solfa contain errors. The following is a listing of corrected tone sets and solfa to help optimize this publication's value in your teaching.
